RESUBMISSION OF DOCUMENTS

Sir:

On September 17, 2002 the Applicants submitted a Response to the Office Action dated July 29, 2002, and on June 24, 2003, the Applicants submitted a Status Inquiry to determine the status of the Office Action. Enclosed are copies of the date-stamped postcards indicating receipt of these documents by the PTO on September 23, 2002 and July 1, 2003 respectively. The Examiner informed the Applicants' agent on October 15, 2003 to request that the Applicants resubmit the aforementioned documentation. Accordingly, the Applicants herein submit the aforementioned documentation for entry and consideration.

The Examiner is respectfully requested to contact the undersigned by telephone if it is believed that such contact would further the examination of the present application.

RESPONSE

Hon. Commissioner of Patents
Washington, D.C. 20231

Sir:

This is in response to the Office Action mailed July 29, 2002, the shortened statutory period for which runs until October 29, 2002. The Applicant respectfully requests reconsideration of the application in light of the following remarks.

REMARKS

The Examiner has stated that the original patent, or a statement as to loss or inaccessibility of the original patent, must be received before a reissue application may be allowed. With this response the Applicant has submitted the original U.S. Patent No. 6,105,030 that issued from the U.S. Patent and Trademark Office on August 15, 2000.

The Applicant respectfully submits that the present pending reissue application is in conformance with 37 CFR 1.178.

The Examiner has made a Request for Information under 37 CFR § 1.105. The Applicant respectfully submits that a requirement for information under 37 CFR § 1.105 should be narrowly specified, limited in scope, and is only warranted where the benefit from the information exceeds the burden in obtaining the information. See MPEP 704.14. The Applicant respectfully submits that the Applicant has fully complied with the duty to disclose information material to patentability under 37 CFR § 1.56. In order to comply with the Request made under 37 CFR § 1.105, the Applicant will need to understand (1) the basis for the requirement, and (2) what information is being required. See MPEP 704.14(a). To the extent that the Applicant understands what information is sought by the Request for Information made under 37 CFR § 1.105, the Applicant respectfully believes the information has already been supplied to the Examiner under 37 CFR § 1.56. Accordingly, the Applicant respectfully requests that the Request for Information under 37 CFR § 1.105 be withdrawn, or that the Request for Information under 37 CFR § 1.105 be further clarified.

CONCLUSION

For the reasons set forth above, it is respectfully submitted that all of the pending claims are in condition for allowance. Therefore, the issuance of a formal Notice of Allowance is believed next in order, and that action is most earnestly solicited.

The Examiner is respectfully requested to contact the undersigned by telephone if it is believed that such contact would further the examination of the present application.

To the extent necessary, a petition for an extension of time under 37 C.F.R. § 1.136 is hereby made. Please charge any fee shortages or credit any overages Deposit Account No. 50-1302.

Respectfully submitted,

The United States of America

The Director of the United States Patent and Trademark Office

Has received an application for a patent for a new and useful invention. The title and description of the invention are enclosed. The requirements of law have been complied with, and it has been determined that a patent on the invention shall be granted under the law.

Therefore, this

United States Patent

Grants to the person(s) having title to this patent the right to exclude others from making, using, offering for sale, or selling the invention throughout the United States of America or importing the invention into the United States of America for the term set forth below, subject to the payment of maintenance fees as provided by law.

If this application was filed prior to June 8, 1995, the term of this patent is the longer of seventeen years from the date of grant of this patent or twenty years from the earliest effective U.S. filing date of the application, subject to any statutory extension.

If this application was filed on or after June 8, 1995, the term of this patent is twenty years from the U.S. filing date, subject to any statutory extension. If the application contains a specific reference to an earlier filed application or applications under 35 U.S.C. 120, 121 or 365(c), the term of the patent is twenty years from the date on which the earliest application was filed, subject to any statutory extensions.

Director of the United States Patent and Trademark Office
